Long-term memory

Darold Treffert's quote

<http://www.sciammind.com/article.cfm?articleID=000695Co-59E6-147C-89AA83414B7F0000>

Old loading dock metaphor

Passer, MW & Smith, RE (2001)
Psychology: Frontiers and Applications
McGraw Hill (NY)
p. 278

The old model needed changing

Reisberg D. (1997)
Cognition: Exploring the Science of Mind
W. W. Norton (NY)
p. 139

Miguel Najdorf's blindfolded chess games

• Schultz, D (2004)
Fischer, Kasparov and the Others
Chessdon Publishing (Highland Beach, FL)
p. 74

Working memory

Baddeley, AD (1998)
Recent developments in working memory
Current Opinion in Neurobiology 8:
234 – 238

Baddeley, AD (2000)
Working memory: the interface between memory and cognition
In. M.S. Gazzaniga (Ed.) *Cognitive Neuroscience: a Reader*
Malden, MA: Blackwell

Baddeley, AD (2000)
The episodic buffer: a new component of working memory?
Trends in Cognitive Sciences 11: 417 - 423

Structure of long-term memory (many interactive systems, including semantic and episodic subtypes)

Squire, L. (2004)
Memory systems of the brain: a brief history and current perspective
Neurobiology of Learning and Memory 82: 171 - 177

Tulvin, E (2002)
Episodic memory: from mind to brain
Annual Review of Psychology 53: 1 – 25

Moscovitch, M et al (2005)
Functional neuroanatomy of remote episodic, semantic and spatial memory: a unified account based on multiple trace theory
Journal of Anatomy 207: 35

The first ideations of consolidation

Lechner, HA et al ((1999)
100 years of consolidation – remembering Muller and Pilzecker
Learn. Mem 6: 77 - 87

Reconsolidation

Dudai, Y & Eisenberg, M. (2004)
Rites of passage of the engram: reconsolidation and the lingering consolidation hypothesis
Neuron 44: 93 - 100

Nader, K (2003)
Memory traces unbound.
Trends Neurosci 26: 65 – 72

Various models of retrieval

Passer, MW & Smith, RE (2001)
Psychology Frontiers and Applications
McGraw Hill (NY)
p. 295

Schacter, D. (2001)
The Seven Sins of Memory: How the Mind Forgets and Remembers
Houghton Mifflin Co (NY)
p. 15 - 17

Reconstructive retrieval models

Bahrick, HP (2000)
Long-term maintenance of knowledge. In E. Tulving and FIM Craik (eds.) *The Oxford Handbook of Memory* (p. 347 – 362) Oxford and New York; Oxford Press

Schacter, DL & Curran. T (2000)
Memory without remembering and remembering without memory: implicit and false memories. In. M.S. Gazzaniga (Ed.) *Cognitive Neuroscience: a Reader*
Malden, MA: Blackwell

Quintillian reference

Quintillian, 1st century BCE
Institutio Oratorio
Book XI, Kairos, Memory and Delivery 11.2 (Memory)

Retrieval systems move from reproductive to reconstructive models
